DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of claim 1 that reads on elected species I in Paper No. 7 is acknowledged.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claim 1 is rejected under 35 U.S.C. 102(e) as being anticipated by Ogura et al. (USPN 6,388,293).

Ogura et al. discloses the claimed semiconductor memory element (Fig. 35) comprising a source region 121, a drain region 122, a channel region 110 made of a semiconductor, the source region and the drain region being connected by the channel region, a gate electrode 140 made of a semiconductor for controlling the electric potential of the channel region, and a plurality of charge storage regions (2 charge storage sites) in the vicinity of the channel region, the electric potential to be applied to the gate electrode upon writing of data and the electric potential to be applied to the gate electrode upon erasing of data having the same polarity (see col. 7, lines 1-20).
